Important Safety Information

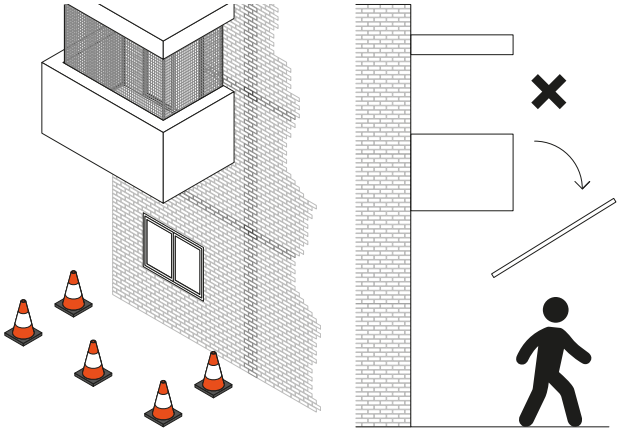
This is not a fall arrest system.
Working on a balcony can be dangerous.
You must read and follow the guidelines below and do your own risk assessment.

Scan the QR code to watch instructional video

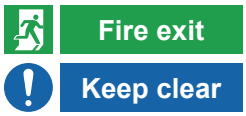
1. 2 people required to fit the balcony enclosure

2. DIY competency required

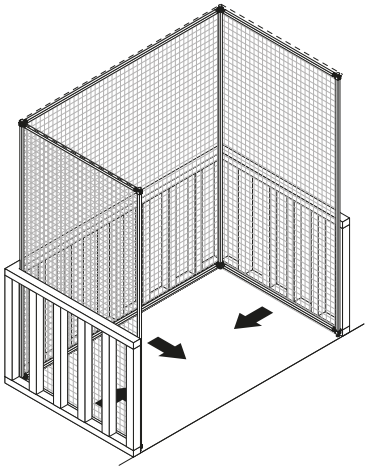
3. Ensure that the area beneath the balcony is clear of pedestrians and do not drop anything from the balcony during installation



4. Do not obstruct fire exits

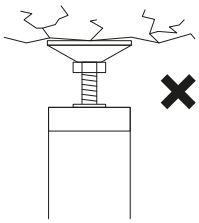


5. Only install on the inside of the balustrade and do not remove the balustrade

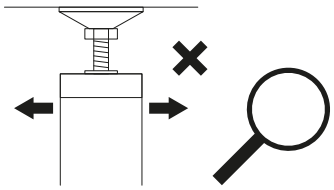


6. If using a step ladder, ensure it is in good condition, keep the step ladder between you and the work area, do not stretch or lean away from the step ladder, maintain 3 points of contact with the step ladder and have another person to assist and hold the ladder for additional stability

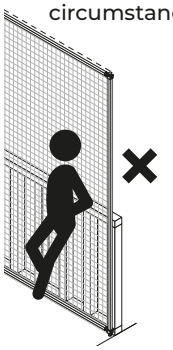
7. Do not fit the frame to damaged, weak, uneven or loose surfaces



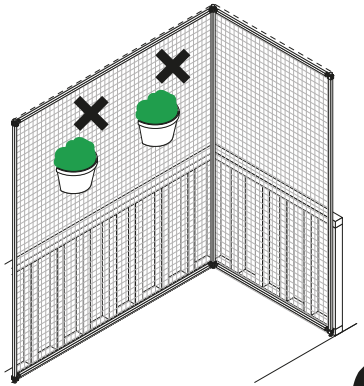
8. Ensure the frame is free from movement when installed and check on a monthly basis



9. Do not lean on or climb frame under any circumstances



10. Do not attach anything to the netting or frame



11. Do not leave children unattended
